This notice is to inform the public that the S.C. Department of Environmental Services (SCDES) is taking public comments on a Corrective Action Plan (CAP). This CAP addresses the cleanup of soil and groundwater contamination at the facility listed below. The contamination was caused by petroleum products that were released from underground storage tank system at this facility. Based on current data, chemicals of concern are below Site Specific Target Levels. SCDES intends to monitor the contamination to determine if natural attenuation is occurring.

FACILITY: Former Fuels Bulk Plant, 1131 Hwy 41, Mount Pleasant, SC 29464

APPLICANT: W1 INC, PO BOX 248, Mount Pleasant, SC 29465

SUMMARY OF CAP:
