The area shown on this plat is a representation of department permit authority on the subject property. Critical areas by their nature are dynamic and subject to change over time. By delineating the permit authority of the department, the department in no way waives its right to assert permit jurisdiction at any time in any critical area on the subject property, whether shown hereon or not.

The certified line shown on this plat is valid for five years from the date of this signature, subject to the cautionary language above.

Please note, although T-Square Surveying, LLC is confident in its assessments, DES-BCM is the only agency that can make final decisions regarding critical line delineations; therefore, all preliminary determinations are subject to change. Until verification is received from DES-BCM, no reliance may be made in this preliminary determination. T-Square Surveying, LLC strongly recommends that written verification be obtained prior to closing on the property, beginning any site work or making any legal reliance on this determination.
